About The Team

*Team Accelerate is a group
of five members from
“Seth MR Jaipuria school,
Kanpur Road Campus,
Lucknow”*

*Of different classes that
came together to
participate in Formula 1*

Our Team Work

Team Accelerate have amazing, loyalty and responsible workers such as:

Aditi is the team manager who managed each and every thing that was needed in the competition including the interrelational bonding of the members. Kartik is the Design Engineer because of which the car that are you seeing right here is made.

Umang is playing the role of Manufacturing Engineer and Graphical designer who helped Kartik in every aspect.

Pavni is the resource manager who has brought all the materials which are needed for our team to get more points. Abhyuday is our sponsorship manager who helped us in getting sponsors from different fields.

Our Goal

Our goal is to race against other FI team in school and against other teams in our city(Lucknow) and our country(India).Not to mention we have a spectacular time and have lots of fun while winning all our matches.

What We have Prepared For F1

First of all ,we have full intention on missing our breaks as needed to get the job done.

Secondly, we have spent our all the time at teammate houses to get the job done.

And at last, we are prepared to take part in F1 with full confidence.

HOW WE HAVE SUCCESSFULLY CREATED OUR CAR?

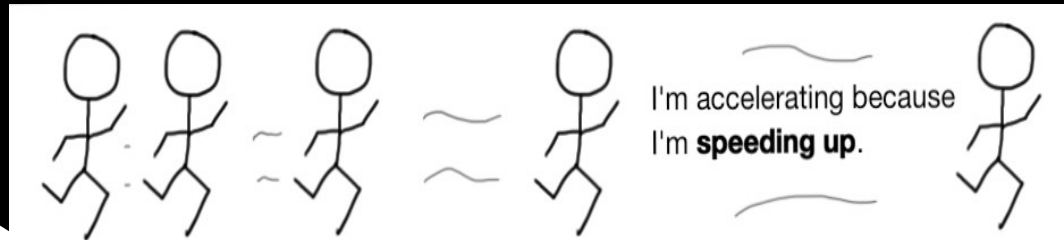

*From the starting we are using an
incredible software i.e Fusion 360 which is
basic and easy to use for every group
members.*

*Also we have designed many different cars
and checked its drag coefficient.
And decided the best and suitable car.*

What does Accelerate means?

The meaning of Accelerate refers to a vehicle's capacity to put on speed within a short time or the rate of change of velocity of an object with respect to time.
