F1 in Schools™ India Challenge

TO WHOSOEVER IT MAY CONCERN

Dear Sponsor

Greetings from F1 in Schools™ India!

F1 in Schools™ is the World's Largest STEM (science, technology, engineering, mathematics) competition for school children (aged 09–19), in which groups of 3–6 students have to design and manufacture a miniature "car" out of the official F1 Model Block using CAD/CAM design tools.

The competition is currently operational in over 50 different countries. The competition was first introduced in the UK in 1999. The competition's aim is to introduce younger people to engineering in a more fun environment. The competition is held annually, with Regional and National Finals. The overall winners of the National Finals are invited to compete at the World Finals, which are held at a different location each year, usually held in conjunction with a Formula One Grand Prix.

This letter serves as a request from **TEAM NAME - _____** to raise sponsorships for participating and performing to the best of their abilities in the F1 in Schools™ India Regional Competition.
